

I am so appreciative of K-Love! It is wonderful to be able to pick up a Christian music radio station in the small town where I live. It is the only station that I completely trust listening to with my 5 year old in the car with me. If it were not available we would not have any other choices for Christian programming in this area. People need to be able to have the choice to listen to uplifting and inspiring Christian programming where ever they are located. PLEASE do NOT replace this station!!!
